WABES PLATFORM & WALLETS

The platform has the Universso token created, tokenomy for dual swap, and waves in case of another token is needed.

The screenshot displays the Waves Platform interface, specifically the Portfolio tab. The top navigation bar includes icons for Assets, Portfolio (selected), Transactions, and Leasing. Below the navigation bar, there are buttons for 'Send' and 'Your Address'. The main content area features a table of assets with the following columns: Asset Name, Balance, Value, USD, Price, USD, and 24h Change. The table lists four assets: Waves, Bitcoin, TOKENOMY (TEN), and Universso. Each asset row includes a 'Send' button, and the Bitcoin row also includes a 'Deposit' button. The Universso asset has a significantly higher balance compared to the others.

Asset Name	Balance	Value, USD	Price, USD	24h Change
 Waves	1.71761252	\$ 6.59	\$ 3.84	5.77%
 Bitcoin	0.00000001	\$ 0	\$ 7,009.56	0.97%
 TOKENOMY (TEN)	1.00000000	\$ 0	\$ 0.00	0.00%
 Universso	99,600,000.00000000	\$ 0	\$ 0.00	0.00%
